**CLINICAL &
SCIENTIFIC
CONFERENCE**

2023

**CONFERENCE
PROSPECTUS**

MDA is delighted to announce the 2023 MDA Clinical & Scientific Conference being held March 19-22, 2023, in Dallas, TX at the Hilton Anatole. On the heels of our extremely successful return to in-person events, we look forward to offering the NMD community our first-in-class conference once again both in person as well as virtually in 2023.

It goes without saying that the world around us has changed over the past two years in ways we never could have imagined. Fortunately, the search for neuromuscular disease (NMD) treatments was able to move forward throughout the pandemic as research laboratories and clinical trials quickly adapted to our new realities.

The Muscular Dystrophy Association (MDA)’s mission to empower the people we serve to live longer more independent lives continued and is happening right now through the ever-expanding pipeline of promise - 15 FDA approved drugs for neuromuscular disease in the last 12 years. Those treatments were created from MDA’s vision to open a new field of medicine and push the boundaries of the medical frontier we call genetic medicine.

In the 21st century, MDA leads the way in developing treatments and cures on that new medical frontier. For virtually all human history, people with a genetic disease had no hope of a treatment. People with progressive genetic diseases – the ones that get worse over time like muscular dystrophy and most neuromuscular diseases – had no hope of even slowing their disease’s relentless progress and gaining a longer life. Today, however, for the first time in history and for the first time in medicine, MDA-supported scientists and clinicians are helping develop the first FDA approved treatments for genetic diseases that are stopping some and slowing many others.

Hope for a longer, more independent life is now becoming a reality for thousands of patients with muscular dystrophy and related diseases. And the pipeline of promise – more life empowering treatments and cures – is growing and creating ever more hope for the millions of patients and their families who are at the heart of MDA’s mission and vision.

The 2023 Conference will explore all aspects of pre-clinical, translational, and clinical research and care across NMD to support the development of better care and treatments for our community. Once again, MDA is excited to work with our planning committee, session chairs and speakers to deliver unparalleled content.

Please join us for what is sure to be the not-to-miss conference for the NMD community. We look forward to gathering together again as we transform the lives of people affected by neuromuscular disease.

Sincerely,

Donald S. Wood, Ph.D.
President and CEO

PATIENT ADVOCACY & NONPROFIT ORGANIZATIONS

To promote greater representation of the NMD community in our 2023 MDA Clinical & Scientific Conference, we are encouraging more representatives from patient advocacy groups. These individuals may or may not be living with a neuromuscular disease and either work or volunteer for national or international not-for-profit patient advocacy organization that:

- Demonstrates a charitable mission
- Engages in patient advocacy activities
- Provides programs, services, information, and/or support for people living with NMD

These representatives from patient advocacy groups may register for the conference receiving the patient advocacy rate for in-person attendance and will have access to all sessions.

We are also committed to greater community representation in our content and will plan for additional patient advocate speakers and panel members throughout the conference sessions.

NMD Community Participation

Members of the NMD community who are registered with MDA are welcome to participate in the virtual conference at no-cost or may register to attend in-person at the patient/caregiver rate until allotted spaces are filled. Please keep in mind that the level of information presented at this conference will be technical as this is a professional conference not geared for the general public. For those who would prefer scientific presentations geared for a more general audience, please see current listings at **Community Events | Muscular Dystrophy Association**.

Patient Advocacy Pavilion

MDA's annual professional conference is an opportunity for nonprofit and patient advocacy organizations in the NMD space to convene and collaborate. Virtual and in-person tabletop exhibit booth space will be made available at no cost to the patient advocacy/nonprofit entities that apply to be exhibitors. Space will be made available on a first-come, first-served basis and will be open until all such space has been assigned. All materials to be shared or provided at such exhibition booths must be educational and must follow the guidelines for any other exhibitor in the hall (no fundraising, direct sales, etc.). Because MDA is committed to ensuring that all resources of the patient advocacy community are deployed towards their respective missions of helping those we serve, we do not accept financial support or sponsorship for the conference from other nonprofit patient advocacy groups.

MDA Insights in Research Investor Summit (IRIS)

MDA will be hosting the 3rd Annual MDA Insights in Research Investor Summit (IRIS) on Tuesday, March 21, 2023 at the Hilton Anatole in Dallas TX.

The purpose of this summit is to provide an opportunity for companies and investors in the NMD space to showcase investment and licensing opportunities. Throughout the day, a select group of presenters, ranging from academic tech transfer offices to early-stage biotech and pharmaceutical companies, will have the opportunity to present in 10–20-minute sessions, inclusive of Q&A at the end of the presentation. Potential investors will have the opportunity to ask questions during the session and to contact presenters afterwards.

For more information regarding the IRIS please contact Elizabeth Habeeb-Louks at ehabeeblouks@mdausa.org.

Promotional and sponsorship opportunities are available to interested parties. All sponsorship and advertisement opportunities are designed to provide organization and brand promotion at a variety of levels and price points. This gives our exhibitors and sponsors the opportunity to showcase new products and services, as well as showcase details and demonstrations where applicable. All collateral must be submitted to MDA for approval prior to production.

Sponsorship contributions help support MDA's mission through:

- Research efforts to accelerate development of treatments
- Expert clinical care through MDA's nationwide Care Center Network
- Meaningful community programs and services

For more information on securing your conference sponsorship, please contact Pam Bittner at pbittner@mdausa.org.

RULES & GUIDELINES

Photography & Videotaping Policy

Because of the sensitive nature of many of the sessions and presentations, videotaping and photography are strictly prohibited during all sessions of the 2023 conference, including general sessions, breakouts, keynote address, poster sessions, Industry Forums, and receptions. Photography is allowed only in your own exhibit space and cannot include any neighboring booths or conference attendees.

Badges

Badges must be worn at all times during the conference. Badge sharing is prohibited and monitored by the MDA conference team. The company/institution name that appears on the badge must be the one listed at time of purchase. Company name changes will not be allowed on-site.

2023 Registration Rates

Live Conference Registration fees provide access to the in-person conference March 19-22, 2023, at the Hilton Anatole with post event access to our on-demand conference content via our virtual event platform for 12-months. Access to virtual platform will be provided 7-10 days post conference. Early-bird registration ends **Dec. 31, 2022**.

Virtual Conference Registration fees provide access to the live streaming virtual conference, March 19-22, 2023, with access to all on-demand conference content via our virtual event platform for 12-months.

Cancellation/Refunds

There is a \$100 cancellation fee, and balance will be refunded until Feb. 3, 2023. There will be no refunds for cancellations received after Feb. 3, 2023, 11:59 PM ET. If you are unable to attend, you may transfer the badge (one time) to another person within the same company/institution before February 28, 2023.

If you must change from in person registration to virtual registration, you may do so one time only for a partial refund up until February 3, 2023. Any change to registration type after this date will not be refunded.

Changes from virtual registration to in person registration may be done any time at the prevailing in person registration rates.

Any promotion of products, services, and meetings that directly compete with those offered by MDA during the conference is strictly prohibited.

No sponsor, exhibitor, or attendee may sponsor an event that directly competes with the MDA conference agenda. This includes Industry Forum breakfasts and lunches, the keynote address, general sessions, and evening receptions.

Any participant interested in hosting an ancillary event outside of the blackout dates must complete an ancillary event application. Failure to comply with the policy will result in loss of privileges to host ancillary events.

Approved ancillary events include advisory board meetings, roundtables (moderated discussion on a pre-determined topic), and social/networking events. Ancillary events may not be a promotional event of any kind for any organization or corporation. Events are by invitation only.

Ancillary events must be requested in writing to Pam Bittner. Fees are \$3,500 per event for up to 3 hours, if held within the Hilton Anatole. To secure your ancillary meeting space, [click here](#) to submit your request.

Please contact Pam Bittner at pbittner@mdausa.org with questions regarding ancillary events.
